

# Installation guide for the Ubigi for Business eSIM on Android **via QR code** (without the Ubigi app)

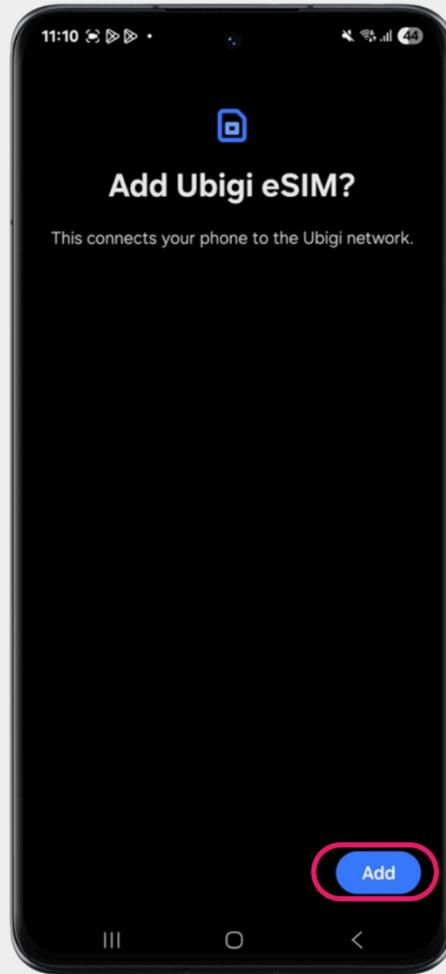

1

Ensure you are connected to a Wi-Fi network

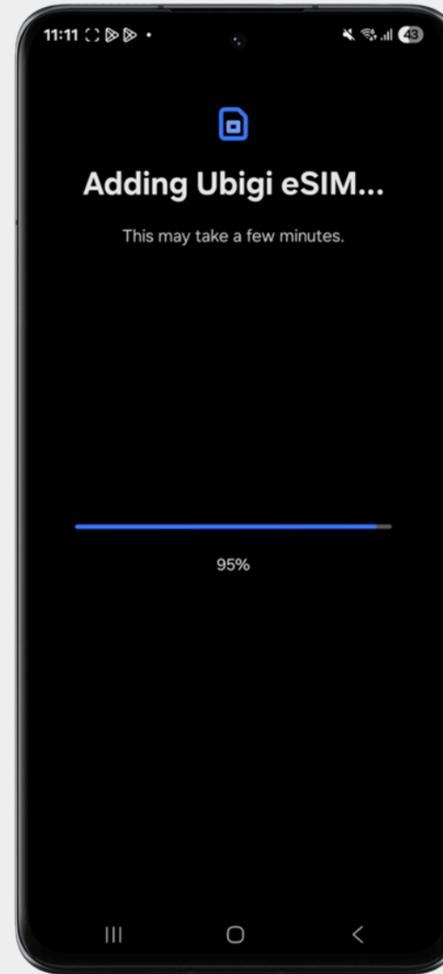

2

Open the camera, scan the QR code, and click on the orange bubble

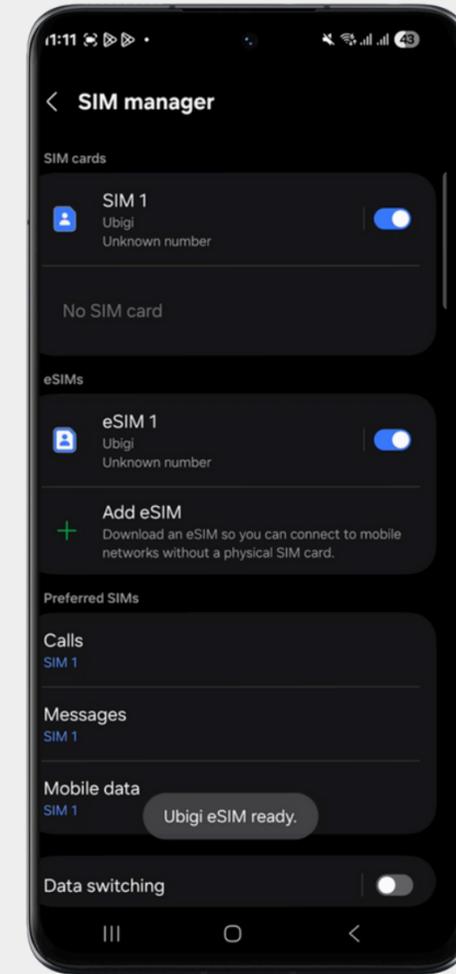

3

Click "Add" to connect your phone to the Ubigi network

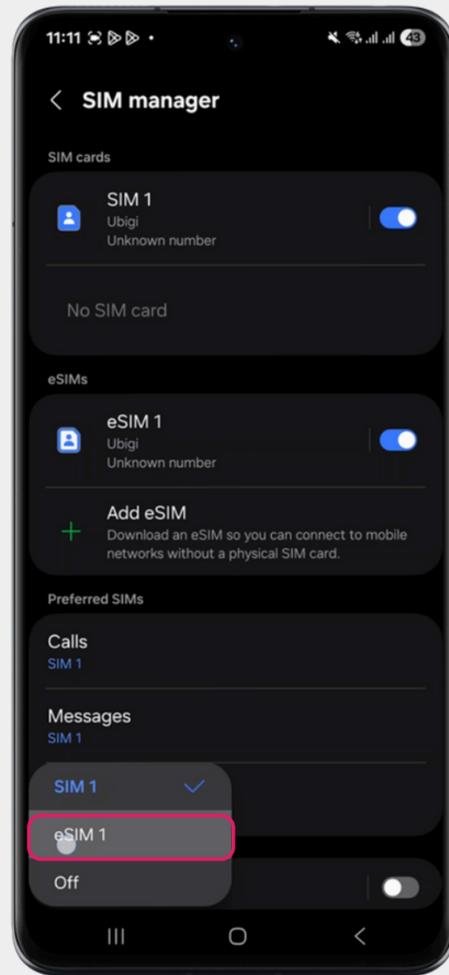

4

Wait until the eSIM addition is complete

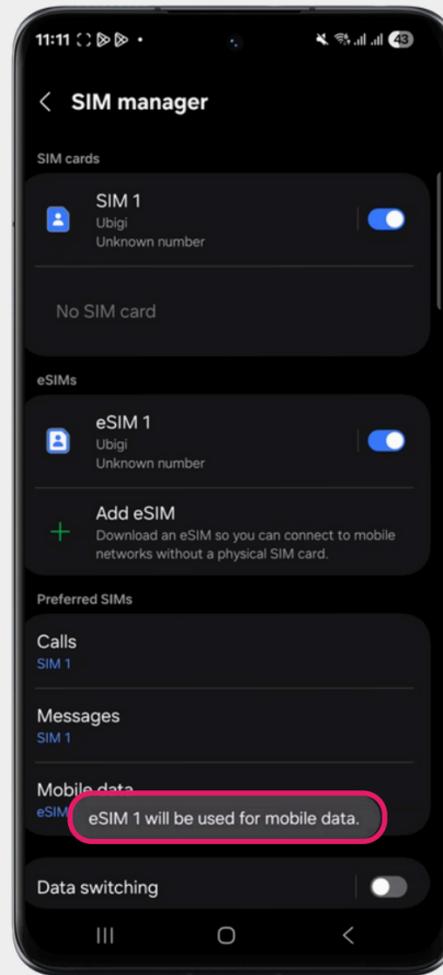

5

Your eSIM is ready to be activated

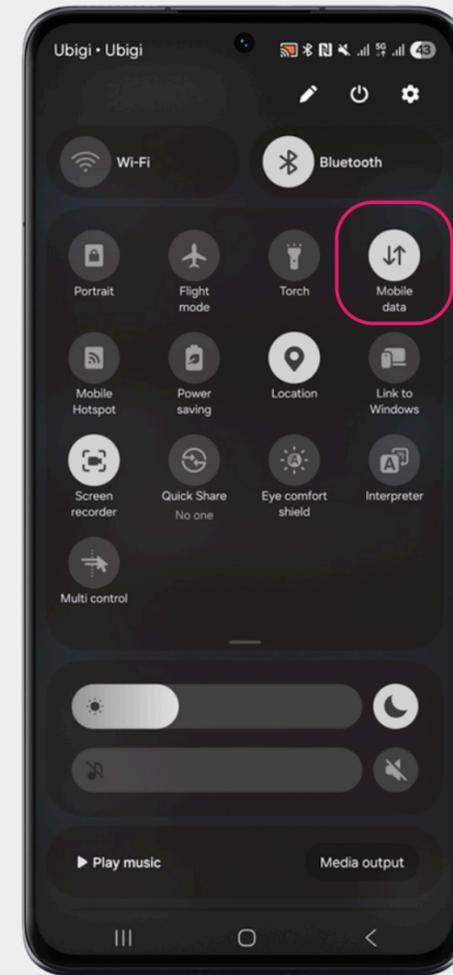

6

In the "Preferred SIMs" section in "SIM Manager," select e-SIM for "Mobile data"

7

The Ubigi eSIM will be used for mobile data, and your regular SIM card will be used for calls and texts

8

Turn off Wi-Fi and turn on mobile data to start using your Ubigi eSIM

# Ubigi

**Enjoy your connectivity!**
